9 Embryos Selling

Donor: **DeRouche Donor 245**

Hoo Doo MS Rito 538 - Registered Purebred Charolais F1033404

Donor Dam to the Embryos Selling - DeRouche Donor 245

**SELLING: A. 1 Package of 3 Embryos by Heat Wave; B. 1 Package of 3 Embryos by Lifeline
C. 1 Package of 3 Embryos by Who Made Who**

- What a great package this lot contains. DeRouche Donor 245 was the high selling Female in the 2007 Exposure Female Sale from Kris Black. She is a powerful purebred Charolais female from Hoo Doo. She was acclaimed for her tremendous stoutness, balance and overall quality. She is without question one of the nicest Charolais donors in the country.
- She is in extensive embryo transfer in the progressive DeRouche Cattle Company donor program. They are anxiously awaiting her 2010 spring calf crop.
- The matings that are presented here, offer a great deal of value and investment opportunity. The Heat Wave and Lifeline mating is proven on Hoo Doo females and recently produced the Grand and Reserve Grand Champion Steers at the 2009 Houston Livestock Show. The mating to Who Made Who offers a unique twist that could yield many great possibilities for bull prospects or future donor dams.
- Take advantage of one of the best Charolais females to ever be sold through the Kris Black program. She is right on target for producing the "ideal" type for today. It is hard to find Charolais genetics made like this!

Offered by: **DeRouche Cattle Co., Fred and Joan DeRouche & Family, Mitchell, SD**
